Patient Data Impact Assessment	Not Applicable
Equality Analysis / Human Rights Assessment completed	Not Applicable

Executive Summary

The last Children and Young People's Partnership (CYPP) meeting took place on 12th September 2019.

The ratified minutes are attached for information.

CHILDREN AND YOUNG PEOPLE'S PARTNERSHIP

MINUTES OF MEETING Thursday 12th September 2019

PRESENT: Gail Hopper (Chair), Jill McGregor, Gillian Barratt, Amanda Highland-Partington, Juliette Lundergan (C4C Designated Nurse), Emily Nickson-Williams, Councillor Kieran Heakin, Karen Kenton, Amanda Clarke, Rachel Meyrick, Brendan Richards, Julia Sandiford-Mitchell, Kelly Baxendale, Jane Honeyford.

1. APOLOGIES: Jan Reynolds, Jo Hodgkinson.

2. WELCOME AND INTRODUCTIONS

The Chair welcomed everyone to the meeting and introductions were made

3. MINUTES

It was agreed that the Minutes of the meeting of the Children and Young People's Partnership held on 25th July 2019 be approved as an accurate record.

4. MATTERS ARISING

There were no matters arising from the previous meeting.
All actions were completed.

5. UPDATE ON THE NO WRONG DOOR

Julia Hassall provided a further update and information about No Wrong Door based on previous presentations to CYPP.

The proposal is for The Bridge to become the Rochdale hub, which will link in with Furness Road, Martin Lane and the Fostering Service. The programme will align the different services to provide the approach and level of support required, taking into account the NWD provocations and values that members have been previously briefed about.

The planned Go live date is the 30th November and the consultation with the Bridge concludes on Friday 13th September 2019.

We are on track to recruit a seconded police officer, an extra neighbourhood officer, as part of the team. Work alongside health and with the Integrated Commissioning Board will address the health related resources required.

We are working with the Steering group and colleagues to put required training together and we are now stepping up communication.

Positive Steps are unsure of their involvement and are interested in working alongside us and will welcome some training for the team, this can be discussed outside of this meeting.

There is a current bid in with the DfE for funding, to help us strengthen the No Wrong Door programme further. If we are successful it will provide the financial

strength for at least the next 3 years by which time the approach should pay for itself as it will reduce the number of external placements, and the money saved will support the continuity of the model.

Action: No Wrong Door update to be provided at every other meeting.

6. EYFS UN-VALIDATED OUTCOMES 2019

Amanda Highland-Partington presented a report in relation to the above.

Last year 1194 Rochdale children entered year 1 and did not meet a good level of development. The total in the school system is below national expectation, it is a real under achievement that we are committed to addressing.

Communication language and literacy project has received funding from the DfE, known as Strategic School Improvement Funding. Research into the strategies and interventions that have a greater level of achievement has also been undertaken.

Over the last year, the 31 lowest performing schools were targeted. Since last September they have had intense training from ELKLAN and Wellcom. There is also a toolkit involving REAL and REAM and CHATTA, an app based approach that has received some positive feedback from head teachers.

Whilst looking at the outcomes from this year's data, it is clear which schools have very high levels of disadvantage and deprivation. Outcome in some of these schools are at the national average, whilst in some schools with low levels of deprivation, outcomes are not as they should be, suggesting that poor levels of achievement are not simply an issue of deprivation.

We will roll this work out further, and we will continue to support the schools.

The project is to improve the scores, and the few schools who are not on the project have been identified and we will work closely with them. There is limited project money and we will be meeting next week, to see what we can do, what we would like to do is to double the number of schools on the project in the next 12 months.

In October a LGA peer review in relation to Early Years will take place and all partners are asked to support this. It will assist us in considering the approaches taken in Rochdale and whether they are the right ones, given our high level of activity against the disappointing results. The outcome of this will be shared at a future meeting.

7. RELATIONSHIP MATTERS – UPDATE ON CHILD PARENT VIOLENCE

Emily Nickson Williams provided an update on work in this area following her previous presentation some months ago.

Break for change is a 10 week programme which reflects on the journeys of families over a 12 month period, and following the successful completion, the pilot Break4Change (B4C) child to parent violence & abuse (CPVA) programme in Rochdale which was delivered in Rochdale between April and June 2018.

The presentation showed the outcome from the first cohort in CPVA, in 2018, the changes immediately following the programme and longer term sustained changes 12 months after completion. This report demonstrates impact, good practice, lessons learned and recommendations for the programme.

11 families started the programme, of which 8 families completed the 10 week programme in its entirety, and we are very pleased with the outcomes. After the full 12 months they came together as a group and developed a network and they have now started supporting each other.

At the end of the 12 months, 75% of participants have reduced their level of need, and only 1 family remained on a plan, all families found a reduction and all reported improvements.

The current position is that the delivery team completed a third 10 week programme in June 2019. 10 week programmes have been running twice a year and a further programme is due to start in October 2019.

Granada Reports have reported positively on the Relationships Matter work, which was very well received and 2 months ago they spent time here with staff and some of the families.

A half day on the 2nd October in N1 Riverside and the invitations are due out. The partnership were asked if they were interested in having an exhibit at this event, please speak to Emily Nickson-Williams.

8. RESPONSE TO YOUTH VIOLENCE

This is a programme developing across GM at short notice.

We have spent 2 weeks putting a local plan together, and we will build on a programme based on Operation Bohemia. There has been a lot of work over the last 18 months, working with different groups of young people.

Rochdale has the opportunity to have an additional £300,000 to develop this approach with wider groups of young people on a preventative basis over the next year. We will link it together with funding from the police and 3 dedicated schools officers as part of this programme.

The plan is still in the development stage, but we have a clear picture of what we are doing. Any partner is welcome to engage in the work, it is an open door in the operations group

REPORT ON CYPP PERFORMANCE

Jackie Woodall provided a report to CYPP that Julia spoke to.

- There has been an increase in of 6.9% in Q1 with re-referrals into CSC, which is below target. The target is 18% and nationally it is 22%, and we are sat underneath.
- The rate of new children in Q1 has reduced, so overall we can see a slight reduction
- There has been a decrease of urgent admissions to A&E.
- An Increase to the number of children accessing healthy young minds.
- A reduced no of hospital admissions re mental health.
- Achieving target on achievements on schools.
- Area for further analysis and action is on the low use of the care graded profiles.
- A decrease in children and young people in care due to neglect.
- Missing data has reduced over time, our issue is the number of health indicators.

The information is due again at the end of October and will be available for the next meeting.

AOB:

CHILDREN'S HOMES

Have received an outstanding report following an Ofsted inspection, with no recommendations or requirements, and we are really thrilled.

NEXT MEETING VENUE

The partnership were asked for volunteers to host the next meeting, Jane Honeyford to confirm.

9. DATE OF THE NEXT MEETING

It was noted that the next meeting of the Children and Young People's Partnership will be held on Thursday 28th November 2019, on floor 1 at N1 Riverside, starting at 2.00pm

The Chair thanked everyone for their attendance.
