Patient and Public Involvement	Not Applicable
Patient Data Impact Assessment	Not Applicable
Equality Analysis / Human Rights Assessment completed	Not Applicable

### **Executive Summary**

KYP have been distributing food as part of our emergency response to Covid since the first lockdown and are working with Action Together, RBH and other partners to develop a food pantry for the locality. Outreach Workers are in place to provide additional support and enhance our reach to the vulnerable in communities, particularly those from BAMER communities, but not to the exclusion of others. The Outreach Workers will lead on the Pantry provision as well as keeping in contact with isolated and at risk people. Our free (Bi-lingual) Welfare Advice Service has been extended to full time basis to enable further support to communities. We are prepared to operate both face to face and remotely as necessary and are constantly reviewing our Covid safety checks. We have a risk assessment plan in place and our buildings are compliant with Covid safe practice guidelines. ESOL provision is being offered on a blended learning model. Little Gems Nursery has operated throughout the pandemic to support key workers and families. We are offering support to children and young people who have missed out on education and learning opportunities through our KYP Academy (funded through CIN). Recently we linked up with another VCSE organisation and obtained 10 tablets to distribute to disadvantaged families to help alleviate digital poverty for our beneficiaries.

We are engaged with and liaising with colleagues across the sector, in Rochdale, GM and North West to keep abreast of changing conditions and guidance. KYP are keen to work with others, particularly to promote Equality, Diversity and Inclusion and to support the sector in the recovery and building back better stages of the current situation.
